

Maksym Portiano

Software engineer

About me

I am a software engineer with a passion for UX and a grain of curiosity. Self-starter with an eye for details and a creative approach to problem-solving. Outside of work I am a music addict who likes outdoor activities, board games and books.

Experience

Software developer @ Altus Assessments

November 2021 - Present, Toronto

At Altus I work in a team that focuses on user-facing product. My biggest contributions include:

- Company-wide effort on delivering a crucial feature in a timely manner
- Improving user experience across different products
- Building features to help the team reach our goals
- Bettering code quality and developer experience through participation in development exercises

Software engineer @ The Rumie Initiative

May 2019 - November 2021, Toronto

As a part of the Rumie development team I was involved in several projects. My key accomplishments include:

- Creating analytics section of a web application using CubeJs and ExpressJs and seamlessly integrating the solution in existing VueJs front-end
- Delivering front-end portion for internal staff portal (REST API-driven Nuxt VueJs application)
- Rapid ground-up development of a complex platform for real-time collaborative creation of unique learning experiences (Nuxt VueJs and Firebase application)

Web developer intern @ Northern Commerce

Jan. 2019 - Apr. 2019, London ON

At Northern I've learned how to work as a part of a professional team expanding my skillset. My responsibilities were:

- Custom Wordpress theme development
- Wordpress site maintenance
- Content updates for blogs and ecommerce sites

Part-time web developer @ Reactr - Fanshawe College

Oct. 2018 - Apr. 2019, London ON

At Reactr I was involved in two different scale projects as a full-stack developer. I had a chance to contribute as a team member in a number of ways:

- Debugging errors and developing features in monolithic Laravel web app
- Implementing vanilla-JS UI solutions
- Creating and maintaining documentation on existing codebase

Education

Interactive Media Design, Fanshawe College

Jan. 2018 - Apr. 2019, London ON

Computer Science, Sumy State University

Sep. 2015 - June 2019, Sumy, Ukraine
