Maksym Portianoi

Front-end developer

About me

I am creative front-end developer and UI designer aspiring to be entrepreneur. Like most tech people who build unique products, I like clean design and beautiful code but let's be honest here, those are not the things the end user is gonna care about. What the user is gonna care about is how well my solution works for them and that is what I committed to keep on constantly improving at.

Experience

Full-stack developer @ The Rumie Initiative

May 2019 - Present, Toronto

As a part of the Rumie development team I was involved in several projects. My key accomplishments include:
· Creating analytics section of a content management web application using CubeJS and Node Express and seamlessly integrating the solution in existing Vue.js codebase;
· Delivering front-end portion for internal staff portal (REST API-driven Nuxt Vue.js application);
· Rapid ground-up development of a complex platform for real-time collaborative creation of unique learning experiences (Nuxt Vue.js and Firebase application).

Web developer intern @ Northern Commerce

Jan. 2019 - Apr. 2019, London ON

At Northern I've learned how to work as a part of a professional team expanding my skillset. My responsibilities were:
· Custom Wordpress theme development;
· Wordpress site maintenance;
· Content updates for blogs and ecommerce sites.

Part-time web developer @ Reactr - Fanshawe College

Oct. 2018 - Apr. 2019, London ON

At Reactr I was involved in two different scale projects as a full-stack developer. I had a chance to contribute as a team member in a number of ways:
· Debugging errors in Laravel app;
· Implementing vanilla-JS UI solutions;
· Taking over on second phase of development of a non-API-driven Laravel web app;
· Creating and maintaining documentation on existing codebase.

Education

Fanshawe College, Interactive media design

Jan. 2018 - Apr. 2019, London ON

Sumy State University, Computer sciences

Sep. 2015 - June 2019, Sumy, Ukraine

Completed two out of four years of studies remotely through academic mobility program.

Other

Volunteering at VueConfTO 2019

Volunteered at Vue.js Conference in Toronto in October 2019.
